WTCofC Sets $5 Dues; DeMello Quits As Mgr.

A modest dues schedule—$5 for individuals and businesses and $20 for town chambers of commerce and industries—was voted Monday by directors of the reorganized Washington Township Chamber of Commerce.

The directors also received the resignation of A. A. DeMello as paid secretary-manager, effective March 31.

DeMello's letter to President Manuel Hidalgo explained only he was quitting "for reasons not altogether known to you."

A stock salesman who accepted the job on a part-time basis last August, DeMello has received $150 per month.

The new dues schedule will take effect July 1. Town chambers, have paid up to $120 a year to belong to the central body.

Hidalgo urged prospective members to attend next Monday's regular meeting of the reorganized chamber. Formerly only town chambers could belong.

It was decided that directors' meetings should be held the first Monday of each month.

Directors, who are appointed from each town chamber, are: Maurice Marks, Mission San Jose; Dan Irwin, Centerville; Charles B. Snow, Newark; Bruce Michael, Warm Springs; Frank Borghi Jr., Decoto; Warren Silva, Alvarado; Gus Robertson, Irvington; and Stuart Nixon, Niles.

The secretary and treasurer were invited to attend future directors' sessions on a non-voting basis, and local ambulance service was endorsed.

Action of the directors must be ratified by the general membership to be official, except in the case of the dues-setting.

FIESTA TIME—Rehearsing for the annual Irvington P.T.A. show Friday and Saturday are (above) Shiela Staley, tapdancer; Connie Cipriano, comedy dancer; Francis Prusso, singer; and Sal Galvan, musician. The show held this year without the traditional carnival—takes place at 8 p.m. both nights in the school auditorium. Diane Mento and James Anderson are directors.—(Foster Photo).

District vs. Subdivider

Water Row At Irvington

Conway & Culligan Want Own District

A first-class storm was brewing this week between the Alameda County Water District and the builders, Conway & Culligan, over the firm's announced intention to form a mutual water district of its own south of Irvington.

Conway & Culligan last week said it will proceed to build the first of at least 721 homes at Irvington Square, located on 152 acres bordering Highway 17.

But the firm, through Architect Guy Rosebrook, also declared it will not take water from the district—which supplies almost all of Washington Township. Instead, said Rosebrook, Irvington Square will use (1) either its own wells or (2) "a standby source."

Only standby available, some 2 miles distant, is the Hetch-Hetchy pipeline. Water district officials disbelieve the City of San Francisco, which operates the line, will deal with a private agency.

And last week district directors agreed to send strong protests not only to Conway & Culligan, but to all county agencies involved.

District Mgr. Matt Whitfield Jr. says wells on the site are an "unreliable source, since salt walter has been seeping into underground strata in the area.

At a recent meeting of the Irvington Chamber of Commerce's zoning committee, Rosebrook reportedly declared Conway & Culligan don't want to take Water District water because the district's directors require subdividers to install pipe on their tracts, and will not reimburse them for it.

Under the mutual district, homebuyers would be required to pur-

VAIL'S COUNTER-OFFER

Keep Ambulance Here, Centerville CC Urges

Retention of local ambulance service was urged Monday by the Centerville Chamber of Commerce.

Bernie Vail last week told the Supervisors he could no longer afford to give public ambulance service for a $300-per-month fee.

This week Vail countered with a request for (1) $510 per month for his two ambulances, or (2) $360 per month for a single ambulance, with the county to pay private-patient rates if the second vehicle is called.

At the chamber luncheon, LeRoy Broun and Allan Walton backed Vail's request. Said Broun:

"We must have service here in the Township. People may die if we don't." And Walton warned "it may mean somebody's life."

On motion of Eugene Manning, the chamber agreed to petition the Supervisors to reach an agreement with Vail.

USC CHOIR TO SING HERE WEDNESDAY THROUGH EFFORTS OF WUHS GRADUATE

A Washington Hi graduate who didn't forget her alma mater this week resulted in the booking of a famous 70-voice choir to sing here.

The ex-student is Meg Seno, formerly of Irvington, who now is a member of the University of Southern California a-capella choir, scheduled to sing here March 24, next Wednesday night, in Washington Hi auditorium.

The choir is making a tour of the larger Northern California cities, and according to Dwight Thornburg, music director at the local high school, it was forced to cancel one date. Meg, remembering her days with the Orange-and-Black, where she sang under Thornburg's direction, phoned her former instructor.

The upshot: a date for the choir to sing here.

The public is invited to hear the USC choir in a selection of classical and popular vocal numbers, beginning at 8:15 p.m. Admission is $1, and the appearance is sponsored by the local Mixed Glee Club.

The Trojan Choir is under the direction of Dr. Charles C. Hirt, and was organized in 1945. It has gained an enviable reputation, and has appeared on radio networks as the outstanding collegiate chorus of the West.

Last year it sang to 25,000 persons on its annual spring tour.

Director Election Here Next Tuesday

By STUART NIXON

Next Tuesday is the date for Townshippers to elect three directors for the Alameda County Water District.

What is the Alameda County Water District? It doesn't cover Alameda County—only Washington Township. It wasn't formed to deliver water to consumers, but to save water from theft by predatory outsiders.

Four men are running for three directorships in the district. Few voters will realize how important the district is to this area.

In 1914 the district was formed to recharge the water into the Township's underground gravels. These vital subterranean stores had been depleted by private pumping concerns which were piping Township water to Oakland and San Francisco.

Later the district took over several local water companies and with them the job of supplying water to every community except Warm Springs and Hillview Crest.

The district still retains conservation aspects, levying taxes for such projects as its percolation pit at Niles, through which about 12,000 acre-feet of water each year are sent back underground.

Some statistics provided by Manager Matt Whitfield Jr. illustrate the recent growth of this

KINDERGARTEN SEEN FOR MISSION S. J.

Chances for a kindergarten in fast-growing Mission San Jose were on the upgrade this week following a petition to the local school trustees by 34 mothers.

The petition was presented Monday night by Mrs. Paul Dunlap, 322 Anza St., who said she and her friends collected the names of 34 youngsters who will be ready for kindergarten next September "in only five blocks' campaigning."

State laws provide that a kindergarten shall be established if parents of 25 or more youngsters ask for it. Mission San Jose will not have a permanent kindergarten until its new school is finished in 1955.

Board Clerk M. J. Overacker Jr. asked petitioners if the mothers had any suggestions for a temporary building. They replied that three were considered possibilities: (1) the Baptist Church building, on Vallejo Street, (2) the IDES Hall, and (3) a vacant shop owned by Miss Olive Hyde on Irvington Road.

Overacker said the trustees will study the various locations, and render a report to the mothers at their April 19 meeting.

Mrs. Dunlap declared "more than 25" kindergarten-age youngsters have to be kept home this year because the district has no facilities in its present crowded building, where 295 are enrolled at present.

"THE ONLY WAY . . . ."

Planners' Zone Policy Rouses Ire, Cityhood Talk In Centerville

Dissatisfaction with County Planning Commission policies brought renewed pleas for cityhood to escape county rule, at Monday's meeting of the Centerville Chamber of Commerce.

Argument centered on last week's initial commission hearing on protective zoning for Centerville. Reported Committeeman James R. Meyer:

"They had three proposed maps—one by the Oakland Chamber of Commerce, one by us, and one by the planning staff.

"Only the staff map was given any consideration. Commissioner (Fred) Mellman remarked: "We're not working from those (Chamber) maps." The rest didn't say anything.

"The Centerville people complained about business zoning being just where business is now. But I doubt that the commissioners are either willing or able to do anything about it." Then Meyer added:

"The only way we can run our own affairs in this township is by incorporation. And I think we should consider it again soon."

Talk of cityhood—either for Township or single town—has been dormant for almost a year, since issuance of the Coro Report.

Allan Walton reminded lunchers that a public meeting on zoning will be held March 30 at the high school, and urged the chamber to write the commission, asking that as many commissioners as possible be present.

This was done, with the added amendment—by A. E. Alameda—that the commissioners be asked "whether opinion expressed at the meeting would have any effect on their plans."

"Will the local people have any voice," questioned Eugene Manning, "Or will it all be done by the commission? If so, we might as well stay home and watch the wrestling matches."

Another hearing in Oakland on April 12 will follow the March 30 session.

DUE HERE—Brig. Gen. C. F. White, commanding 49th Division Artillery, one of high-ranking officers due here tonight for Armory dedication.

ARMORY CEREMONY SET FOR TONIGHT

Washington Township readied itself today to pay tribute to its hometown defenders — C Battery of Centerville.

The National Guard unit is holding a dedication and open house, tonight (Thursday) starting with music by the famed Sixth Army band at 7:45 at the armory, located on Alder Avenue, a quarter-mile north of town.

Slated to be on hand are a galaxy of high-ranking National Guard officers headed by Maj. Gen. Earle M. Jones, adjutant-

BANKS TO STAY OPEN THRU NOON

Central Bank branches in Niles and Irvington will remain open during the noon hour, it was announced this week. The change is effective April 1.

Robert Blacow, manager in Niles; and Carl Christensen, Irvington, said the new banking hours will be 10 a.m. to 3 p.m., Monday through Friday.

An end to the noon closing hour had long been sought by the local chambers of commerce.

Six Schools May Add Trustees At May 21 Election

School trustee elections will be held in Washington Township May 21, and at least three and probably six elementary districts will enlarge their school boards at that time.

Reason: a recent Legislative provision which allows districts with more than 300 enrollment to boost board membership from three to five.

Niles, Newark and Irvington trustees already have voted to take advantage of the plan, thus giving electors in those districts three candidates to elect May 21 instead of the usual one.

Decoto residents will vote on whether they want the change at the same election at which trustees will be named May 21. The law permits the incumbent trustees to enlarge the board, or to submit it to public vote.

Alvarado trustees were to decide last night whether they want to enlarge their board. Centerville trustees will decide Friday.

Mission San Jose, Warm Springs and Alviso School Districts will retain the present number—three, being too small to qualify.

In each of the nine districts, one incumbent trustee will run for re-election. They are: Alvarado, Wilbert Hendricks; Niles, John Cattaneo; Alviso, Ralph Logan; Centerville, Allan Walton; Decoto, William S. Davis; Irvington, Al Peixoto; Newark, Sam G. Scott; Mission, Ed Azeveda; Warm Springs, Orville Leitch.

Deadline to file for the trusteeships is April 4. In those districts which will enlarge board membership, two additional members must be elected. To date a single candidate has filed: Carlos Villescaz of Decoto, steel mill worker, for an additional Decoto trustee job.

Also to be elected is a high school trustee to succeed E. A. Quaresma. So far Frank Borghi Jr. of Decoto is the lone candidate.

AL JUHL, NILES, DIES IN HOSPITAL

Services were held today for Al Juhl, 60, for many years a distributor of metropolitan newspapers in Niles, who passed away Tuesday morning at an Alameda hospital.

He was the husband of the late Margaret Juhl who passed away February 8; and son of the late Mr. and Mrs. Louis Martin Juhl, widely-known Township resident.

Services were at Berge Mortuary Company, Niles, with funeral mass at Corpus Christi Church. Interment was in Holy Sepulchre Cemetery.

Juhl had been in poor health for several years. He partially retired from business after World War II, but worked as a postal carrier between Niles and Centerville on a part-time basis.

He was entertaining friends in his home on Mission Highway when stricken, and was rushed to Alameda where he died a few hours later.

MARY BETTENCOURT, IRVINGTON, DIES

Mary Angelina Bettencourt, 63, wife of Serafim C. Bettencourt, passed away at her home in Irvington Tuesday.

She was the mother of Mrs. Dominic Naso of Cupertino, daughter of the late Mr. and Mrs. Antone Dutra of Newark, sister of Mrs. Leonard Lucio and Antone R. Dutra, both of Newark. She also leaves a grandchild, Vincent Naso.

Mrs. Bettencourt was a native of Newark, and a member of SPRSI of Hanford and UPPEC of Irvington.

Services were held Thursday from Berge Mortuary, Irvington, with mass at St. Joseph's Church, Mission San Jose. Interment was in Holy Sepulchre Cemetery.

SCHLOSSER WINS NSGW ORAL TITLE

Competing in the Seventeenth Annual Public Speaking Contest sponsored by the Grand Parlor of the Native Sons of the Golden West, Ronald Schlosser has emerged as the Washington Union High School winner.

Schlosser, a senior and son of Mr. and Mrs. H. R. Schlosser of Warm Springs, will be awarded a special gold medal for his speech on "San Francisco's Cable Cars" and will represent the high school in the contest to be held in Oakland on Friday, March 26.

At that time he will compete with winners from ten other high schools in Alameda County. County winners will vie in district competition, with the victors of the state's three districts meeting in the finals in Sacramento. The top award, a $1,000 savings bond, will be presented by Gov. Goodwin Knight.

Schlosser won the right to represent the local high school in competition with three other senior students, Larry Stewart, Don Springer, and Jim Chrysler. The local contest, held at the high school, was judged by faculty members Judson Taylor, Verdun Romer, and Don Wolfe.

SCIENCE FAIR WINNERS ANNOUNCED; DON PHILLIPS AWARDED SCHOLARSHIP

Don Phillips of Irvington was judged winner of the first annual Science Fair, held last week at Washington Hi.

Phillips submitted a spectrograph project, by which a series of prisms breaks up light-rays into colorful parts.

As a result he won a $100 scholarship contributed by the Joseph & Stanley Bernardo Post, VFW; and the post's auxiliary.

Second honors went to Remo Cerruti of Centerville for a test of water-hardness in Township communities. Cerruti won a $25 bond donated by the hobby section of the Country Club of Washington Township.

Matt Whitfield Jr., manager of the Alameda County Water District, commented at the fair—attended Thursday night by more than 200 Townshippers—that the results of Cerruti's tests closely paralleled his own.

Third place went to Donald Gravestock, for production of ethyl ether; and Marlene Dutra took fourth spot with a project illustrating crystallization.

Judges were Dr. W. F. Lamoreux of Niles, Dr. Gertrude Cavins of San Jose State College; and Earl F. Mennet of the county school department.

All four winners will receive a free trip to the Bay Area Science Fair in San Francisco next month, by courtesy of the high school P.T.A.

Dr. Vaughn Seidel, county superintendent of schools; and Principal J. V. Goold distributed the awards, plus 16 certificates of merit to other students who took part.

Students who participated in the exhibitions and who were awarded certificates of merit were Joe Silva, Bud Dickerson, Lois Clothier, Lance Black, George George, Herman Bettencourt, Sandra Bechtold, Donald Dewey, David Dutra, Alberta Abreu, Jerry Sanford, Doug Elliot, Logan Norris, Bob Rehrig, David Bettencourt, Ernie Perry, Shirley Emmett, Virginia Lammi, and Marion Hempel.

Faculty members in charge of the affair were Theodore Wallace, James Crawford, Stebler Loze, and Milton Seibert.

Cyclist Hurt

An 11-year-old bicyclist, Paul Harrison, of 331 LeMarc St., Mission San Jose, suffered cuts and bruises when struck Monday afternoon by a car at the intersection of Olive and Bryant Streets.

The boy was treated by Dr. R. B. Fisher, and the driver, Noel R. Friend, 17, of 418 Cabrillo St., was cited for a right-of-way violation by Highway Patrolmen.

In another accident early Sunday at Kimber Underpass, south of Niles, a Hayward soldier, Tony Bras, 18, was more seriously hurt when the light pickup truck he was driving left the highway and overturned.

FUTURE FARMERS VIE FOR AWARDS

Four Future Farmers from Washington Hi will vie in the 1954 Farm Program Competition sponsored by the State Bureau of Agricultural Education and the American Trust Co.

The youths are Johnny Adams, Jess Bettencourt, Robert Avila and James Murphy.

The boys were picked to represent the local school on the basis of their supervised farm program. During this week, more than 375 Future Farmers from 63 schools throughout Northern California will enter their programs for sectional judging in seven areas.

The Washington Hi quartet will compete today with FFAs from Hayward, Half Moon Bay, Livermore and Pleasanton.

Judging of the farm programs will be done according to the "Danish System." This calls for contestants to be divided into an upper half and a lower half according to the quality of the farm program. American Trust Company will award gold certificates to upper half winners and silver certificates to lower half winners.

Winners in this area will be announced and honored at a banquet, sponsored by the bank, to be held at the International Kitchen on the evening of March 30.

The Farm Program Competition aims: (1) to encourage boys to enter farming as a life's work, (2) to encourage boys to become proficient in a major farm enterprise, (3) to encourage boys to diversify their farming programs when feasible, (4) to encourage boys to become farm leaders in their communities, and (5) to improve agriculture in the community.

In charge of the Farm Program Competition, and serving as judge in the sectional competition in this area is B. R. Denbigh, Regional Supervisor, State Bureau of Agricultural Education.

Through vocational rehabilitation more than 60,000 persons are put to productive work each year, until 1900.

THREE NEW IRVINGTON TRACTS APPROVED, MORE READY

Three new subdivisions totalling 146 homes were approved for the fast-growing Irvington - Mission area last month by the County Planning Commission.

In addition, several more tracts were disclosed in the blueprint or purchase stage.

The commission okehed:

1. A 71-home development by Dearborn Development Co., south of the highway and west of Irvington.

2. A 31-home tract by C. R. Tisher, south of Irvington, along Highway 17.

3. A 44-home subdivision by Richard Lincoln east of Palm Avenue, between Mission-Irvington Highway and Olive Avenue.

In addition, Charles R. Russell of Niles announced he has bought 70 lots in the Bond Tract, on Driscoll Road, from Jack Prouty and intends to build about 70 conventional-type, 3-bedroom homes to sell in the $10,000 bracket.

Russell also has optioned some 160 acres south of Irvington and west of Highway 17 for subdivision purposes.

North of Irvington, the Stanley Davis Organization already has built and sold some 60 tract homes, and has plans to build hundreds more west of the highway on several hundred acres reportedly under option from Jack Stevenson.

Hayward Wins, As Huskies Die On Base

Despite 5-hit pitching by Bob Hird, the Hayward Farmers eked out a 3-2 win over the Washington Huskies Monday afternoon on the local diamond.

Hird kept the Farmers well in check except in the second frame when the out-of-towners picked up their three tallies on two infield hits, a walk, and an error. Hird struck out ten while issuing one walk.

Hayward hurlers Don Jardine and Bill Pacheco limited the Husky batters to two singles while fanning seven and walking twelve.

The Malemutes had runners on in every inning but couldn't bring them across.

The Orange-and-Black picked up one in the initial stanza as Jardine issued four bases on balls.

The Huskies almost made it in the last frame when second sacker Ed Meneze singled home Craig Bellati with two down, but Pacheco, who took over in the fourth, bore down to snuff out the rally.

WILLOW GLEN BESTS HUSKIES, 13-8; LOOP OPENER MARCH 25 VS. MT. VIEW

BY BOB HIRD

The Washington Huskies dropped their third tilt of the young season last Friday when Willow Glen beat the locals 13-8, on the winners diamond.

Righthander Allan Olk went the full seven frames, allowing eight baseknocks, striking out four and issuing six bases on balls. His teamates committed five miscues to aid the Ram cause.

The most damaging blow off Olk came in the San Joseans' 5-run second inning when left fielder Don Ruff blasted a three-run homer deep in centerfield. The Huskies picked up one in the second as first sacker Craig Bellati banged out a triple and raced home on an overthrow at third base.

The locals then pushed across five of their own in the third to take a momentary 6-5 lead.

The rams bounced back in their half of the third and scored four times on three base raps. They tallied three more in the fourth to cinch a victory.

The Malemutes had two contests earlier in the week postponed.

The Huskies open their league season next Thursday when they play host to the Mountain View Eagles, last year's pennant winners.

AIRMEN HUMBLE C BATTERY, 41-37

Unable to cope with a fast-breaking Camp Parks quintet, the C Battery basketball squad from Centerville lost a 41-37 contest here last Thursday.

The loss ended a brief wnining streak for the local National Guardsmen, who were struggling vainly to overtake an early Air-force lead.

C Battery's Allan Olk and Park's Tom Green tied for high point honors with 13 tallies apiece.

The Season of Lent

By REV. C. W. KIRKPATRICK
Congregational Church, Niles

Our religious season consisting of the forty days preceding Easter is called by the old English word for spring: Lent. Originally it consisted of thirty-six days; later four more were added to make it correspond with Christ's forty days of temptation in the wilderness. This is a season during which many folks observe days of fasting and sacrifice. Certainly when this sort of thing brings spiritual comfort and consolation it ought to be practiced—albeit some scoffers would call it absurd. Such a practice is of great value to some of the faithful as an expression of their repentance for their sins. And this is the Christian virtue most closely associated with Lent: repentance, in humility.

Now it is good for us to be repentant, that is, to be sincerely sorry for our sins and shortcomings; to ask God's forgiveness with the assurance that it will be freely granted. Modern psychology would agree with our religious teaching on this point, calling it good 'spiritual therapy' for the healing of wounds of the soul. But this penitent attitude alone does not go far enough. It has been said: "Right actions for the future are the best apologies for wrong ones in the past." It may be meritorious to fast; it is doubly so when you rise from your fast and go feed the hungry. It is good to sacrifice; but he who offers that which is sacrificed to a needy one is more graciously blessed of God. Let us, in this Lenten season, think not only of what we are giving up, but also of our brother — whether he live next door or across the ocean—who never even had it to give up. Let us please God with service as well as with sacrifice—for He said to us ,in the person of His son, "Inasmuch as you have done it unto one of the least of these, my brethren, ye have done it unto me."

Newark's Dump

Hearing of an amended petition to establish a refuse dump southwest of Newark will be held April 6 before the County Planning Commission.

The commission postponed the hearing to allow Pete Mazzaferri, who proposes to operate the dump, to include garbage disposal in addition to trash.

LOCAL DAIRIES WIN RECOGNITION

Five Alameda County dairymen—two of them from this area —were awarded honor roll certificates by the Purebred Dairy Cattle Association last week at the annual meeting of the Alameda County Dairy Herd Improvement Association.

Hansen and Giger, Pleasanton; Orloff Farms, Pleasanton; Joe Schelbert, Newark; Valley Dairy, Livermore; and J. S. Costa, Irvington, received the awards for outstanding production records made by their herds during 1953.

Each year the Purebred Dairy Cattle Association makes awards to dairymen whose herd production average is over 400 lbs. butterfat per cow per year. Hansen and Giger had the high average, 441.4 lbs. butterfat produced per cow. Their cows produced an average of 11,915 lbs. milk during the year.

Other awards and the butterfat production records were as follows: Orloff Farm, 433.1 lbs., J. Schelbert, 426.9 lbs., Valley Dairy, 413.3 lbs., and J. S. Costa, 408.6 lbs.

The Association report for 1953 showed a total of 2,844 cows in the production testing program. These cows produced over the years period 30,708,906 lbs. milk and 1,148,689 lbs. butterfat. For the first time the average butterfat production for the entire Association went over the coveted 400 lbs. mark. A new high in efficient production was reached with the association average being 404 lbs. butterfat per cow. The average milk production was 10,799 lbs. per cow.

Artificial breeding has been in greater demand and use. In 1953, the Association bred 2,002 cows artificially throughout the county

CANDIDATE—Carlos Bee, 36, Hayward city councilman and teacher, has filed for the 13th Assembly District seat vacated by Francis Dunn Jr. A World War II veteran, Bee is a member of the State Democratic Central Committee, and has been a Hayward Hi instructor of speech since 1946.

chase an interest in the water system when they buy a house, and to pay assessments afterwards to keep it operating.

Whitfield stressed that the County Planning Commission and other agencies granted Conway & Culligan permission to proceed with the proviso they take water from the public district. In Oakland, a Planning Commission spokesman said this was true, but that if the firm could show it had a reliable standby source, it probably would be allowed to go ahead.

"That's the crux of it," agreed Whitfield. "We don't believe they can develop an adequate standby supply."

Whitfield went on:

1. District policy has traditionally been against allowing subdividers any "kickback" on pipe within their tract, "because the vast area we have to serve would make costs prohibitive."

2. The district intends to build a 2,000,000-gallon reservoir on the Mayock property, above Irvington, at a cost of $70,000 to serve not only Irvington Square, but all other tracts which may be built.

3. The district will pay costs of running mains from this reservoir to Durham Road, with Conway & Culligan responsible for taking the pipe the rest of the way.

In Oakland, Guy Rosebrook Jr. associated with his father, said Conway & Culligan intend to start building the first unit of about 200 homes during the first part of April. Eventual estimates of the tract's size range to 1500 homes.

Rosebrook Jr. said they will sell for about $11,000. He added Irvington Square will contain a community recreation center with a swimming pool; a shopping center, and a "centrally-located" school site.

There were hints also that Conway & Culligan might meet with opposition on the school issue. Supt. of Schools Gus Robertson said the "central" site allocated for the new school is next to the railroad tracks, and that he will oppose this location, if necessary by legal action.

Consumers: 2000 in 1950, 3872 on March 1, 1954.

Mains: 9972 feet installed in 1951-2; 35,715 feet installed in 1952-3. Now operating: 43½ miles of pipe.

Taxes: 36 cents per $100 in 1951; 25 cents in 1954.

This year's budget totals $338,000. Proposed expenditures are: reservoirs, $70,000; office construction, $35,000; yard, $10,000; mains, $100,000; conservation and water rights, $60,00; new equipment, $17,000; administration, miscellaneous, etc., $45,000.

Water rates are 30 cents per 100 cubic feet, a rate necessary—according to Whitfield—because of the pipe needed to serve consumers in an expanding area.

Candidates for the director jobs are:

William D. Patterson, who aided in formation of the district 41 years ago and who has served as a director ever since; Manuel Bernardo, 12 years on the board; Jack Prouty, eight years' service; L. M. Potts, Newark contractor.

JAYSEE ELECTION

The newly-organized Washington Township Junior Chamber of Commerce will elect officers at its next meeting, March 25.

Say you saw it in The Register.

Mission Tract OK

Approval of a deluxe subdivision in Mission San Jose was accorded last week by the County Planning Commission.

The 25-home tract will be built by James R. Meyer of Glenmoor Homes on land owned by E. E. Huddleson, east of Highway 9.

Sole remaining point at issue, according to Meyer, is a commission demand that he install a cross-street halfway uphill on an olive-bordered lane of trees opposite the Grammar School.

Marine League Signup

Marine veterans who have been honorably discharged from the United States Marine Corps, Marine Corps Reserve and Woman Marine Reserve are eligible to take part in a mass initiation of the Marine Corps league, to be held March 23 at the Veterans Memorial Building located, 737 Main Street, Hayward, at 8:00 p.m.

Interested ex-marines are urged to contact National Vice-Commandant William L. Keys, Lucerne 2-0175.

general of California; and Maj. Gen. Curtis D. O'Sullivan, who commands the 49th Division, of which C Battery is a part.

Townshippers are invited to hear the music, listen to dedicatory addresses by the officers, and to inspect the armory. Most of the remodeling there has been accomplished by the C Battery men, under their commander, Capt. O. J. Beaudin.

The Sixth Army Band will play while the open house continues, and refreshments will be provided by C Battery, most of whose members are Township youths.

Regrets have been received from Maj. Gen. William F. Dean, but there still exists a possibility that Governor Goodwin J. Knight will be able to attend the dedication. Gov. Knight is commander-in-chief of the California National Guard.

OFFICIAL NOTICE OF SALE ALAMEDA COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT ZONE NO. 6 BONDS, ISSUE OF 1954 SERIES A

NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of Alameda County Flood Control and Water Conservation District, at the office of the County Clerk and ex officio Clerk of said Board, in the Court House, 1225 Fallon Street, Oakland, California, on **THURSDAY, APRIL 8, 1954** at the hour of 11:00 o'clock A.M. (P.S.T.) for the purchase of $300,000 principal amount of bonds of Zone No. 6 of said District designated "Alameda County Flood Control and Water Conservation District Zone No. 6 Bonds, Issue of 1954, Series A," more particularly described below. Said Series A bonds are part of an issue of $1,743,000 aggregate principal amount authorized at an election held in said Zone No. 6 of said District on October 14, 1953. The remaining $1,443,000 principal amount of said authorized issue will not be offered for sale prior to September 1, 1954.

ISSUE: $300,000, consisting of 300 bonds numbered A1 to A300, both inclusive, of the denomination of $1,000 each, all dated May 1, 1954, and designated Series A.

MATURITIES: Said bonds mature serially in consecutive numercial order, from lower to higher as follows:

Principal Amount $10,000, Maturity Date May 1 (both years inclusive) 1955-1984 without option of prior payment.

LEGAL NOTICE

INTEREST RATE: Maximum five (5) per cent. per annum, payable annually the first year on May 1, 1955 and thereafter semi-annually on November 1 and May 1 in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-quarter of one per cent. per annum, payable as aforesaid.

PAYMENT: Both principal and interest payable in lawful money of the United States of America at the office of the Treasurer of Alameda County, in Oakland, California.

REGISTRATION: Coupon bonds will be issued by the District. Such bonds are registerable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds are authorized by vote of two-thirds of the qualified voters of Zone No. 6 of said District voting at a special election for the purpose of authorizing bonds for flood control and storm drainage in said Zone No. 6.

SECURITY: The Board of Supervisors of said District has power and is obligated to levy assessments for the payment of said bonds and the interest thereon upon all real property within Zone No. 6 of said District, including both land and improvements thereon, subject to assessment by said District, without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the District, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, of San Francisco, California, approving the validity of said bonds, will be furnished to the successful bidder without charge.

TERMS OF SALE

Highest Bid: The bonds will be awarded to the highest bidder considering the interest rate or rates specified and the premium offered if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from the date of said bonds to the respective maturity dates at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the District.

Right of Rejection: The District reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

Prompt Award: Said Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for the receipt of proposals; provided that the award may be made after the expiration of the specified time if the bidder shall not have given to said Board notice in writing of the withdrawal of such proposal.

Prompt Delivery: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer in Oakland, California, as soon as the bonds can be prepared, but not prior to May 1, 1954.

Right of Cancellation: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the District shall fail to execute the bonds and tender the same for delivery within sixty (60) days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

Form of Bid: All bids must be for not less than all of the bonds hereby offered for sale and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidders' checks, must be enclosed in sealed envelopes addressed to the Board of Supervisors of Alameda County Flood Control and Water Conservation District and endorsed "Proposal for Zone No. 6 Bonds, Issue of 1954, Series A."

Bid Check: With each bid must be submitted a certified check or cashier's check for $2,000, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer of Alameda County, to secure the District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned by the District by mail upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

* * *

Information relative to the financial condition of the District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the valid existence of the District or of said Zone No. 6, or the title of the officers thereof to their respective offices, and the District will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: March 11, 1954.

NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of the County of Alameda, State of California, at the office of the County Clerk and ex-officio clerk of said Board of Supervisors, in the Court House, 1225 Fallon Street, Oakland 7, Alameda County, California, on MARCH 30, 1954 at the hour of 11:00 o'clock A.M., (P.S.T.) for the purchase of $101,000.00 principal amount of the bonds of the Newark School District of Alameda County, State of California, more particularly described below:

ISSUE: 1954 School Bonds, $101,000.00, consisting of 101 bonds of the denomination of $1,000.00 each, numbered 1 to 101, inclusive, all dated May 15, 1954 (being part of an issue of $200,000.00 authorized at an election held in said district February 9, 1954. The remaining bonds of said authorized issue will not be sold until after October 1, 1954.)

INTEREST RATE: Maximum five per cent (5%) per annum, payable annually for the first year on May 15, 1955 and semi-annually thereafter on November 15th and May 15th in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-quarter of one per cent per annum, payable as aforesaid.

MATURITIES: Said bonds hereby offered for sale mature serially in consecutive numerical order, from lower to higher, $8,000.00 on May 15th in each of the years 1955 to 1966, both inclusive, and $5,000.00 on May 15th in the year 1967.

PAYMENT: Both principal and interest payable in lawful money of the United States of America at the office of the County Treasurer of Alameda County, in Oakland, California.

REGISTRATION: Coupon bonds will be issued by said Board of Supervisors on behalf of said school district. Such bonds are registerable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds are authorized to be issued and sold for the purpose of raising money for the following purposes:

The purchasing of school lots;

The building or purchasing of school buildings;

The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs;

The repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity;

The supplying of school buildings with furniture or necessary apparatus of a permanent nature;

The permanent improvement of the school grounds; and

The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to wit, to provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from school property.

SECURITY: Such bonds are general obligations of said school district, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said school district subject to taxation by said district (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys at Law, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from May 15, 1954 to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than March 30, 1954. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, but not prior to May 15, 1954. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within sixty (60) days of the date of sale and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1954 School Bonds of Newark School District of Alameda County." With each bid must be submitted a certified check or cashier's check for $1,000.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Newark School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Information relative to the financial condition of said District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices and said County will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: March 9, 1954.

Portable telephone building. This small but fully equipped telephone central office was recently moved by truck from one site 335 miles away direct to Pepperwood, California. By moving it intact, telephone people cut 20% from the cost of installing a telephone system in Pepperwood. And they speeded the job by about five months. An unusual story, yes. But it shows how we're doing everything we can to bring you more service, good service, at the lowest possible cost to you. **Pacific Telephone works to make your telephone a bigger value every day.**

"I ironed for 5 people last month for only 28¢"

says Mrs. W. H. Davis a newcomer to San Jose

The Davises, their two children, and Mrs. Davis' mother moved to California a few years ago. "And it didn't take long for us to see how much cheaper gas and electricity are out here," says Mrs. Davis. "We use them a lot for more pleasant living, and they give me enough free time to help my husband in his business."

How cheap gas and electricity served the Davises in a recent month

9 hours, electric ironer	$ .28
150 hours of lighting	1.40
2 electric clocks	.12
130 hours of television	.67
9 hours of vacuuming	.08
30 days of refrigeration	.83
80 meals cooked (for family of 5)	.80
2000 gallons of hot water for 85 baths	.82
20 loads of clothes	.23
35 hours of dishwashing	.15
daily shaves and washups	.07
5 hours of scrubbing	.01
20 loads, automatic washer	.08
275 slices of toast	.12
95 hours of radio	.22
30 days of gas heating	5.29
waffle iron	.04
mixer	.04
P.G. and E. bill for the month	$11.25

Average cost per day: 36¢

Where the Davises used to live, the same amount of gas and electricity would cost $15.80

Count the appliances in *your* home. Think of the work they save you, the free time they give you. Now divide your P.G. and E. bill by the number of days in the month to get the daily cost. Isn't it true that day in, day out nothing else gives you so much for so little? 6X-W-354

STILL WAITING

Seems to us Vice-President Nixon, in his speech last Saturday, carefully missed the point: repudiation of Senator McCarthy. This may have serious results for President Eisenhower and his party.

True, Nixon stated again that the Administration believes investigations should be conducted fairly. But he did not say how the Administration intends to curb unfair ones. That's what the public was waiting to hear.

Surely an Administration that has shown so much strength in other fields can find some way to cope with Wisconsin's dime-store Hitler. The issue cannot be avoided. Nor can it be solved by slapping Joe on the wrist. He thrives on that kind of treatment. A trusting nation is still looking to Ike for the coup-de-grace.

BURNING QUESTION

During the recent discussion of fire departments, it came to our notice as somewhat of a surprise that Alameda County has no ordinance to regulate burning or the storage of inflammables.

Just why this necessary law, normal to almost every county in our State, has been overlooked, is anybody's guess. Anyhow, it has, and we think the oversight should be remedied. As the laws stand, anybody can burn anything on his property anytime he wants to, regardless of wind or dry weather, and regardless of how much it may endanger his neighbor.

We remember a couple of years ago, in a particularly dry summer, when one Township homeowner set fire to his trash on a day when high winds swept it away and up a hill, occupying the frantic attention of one fire department for the better part of a day. And many a thoughtless citizen stores gasoline or other inflammables aout his property, with equally dangerous potential.

In years past, fire districts put out the word that one should get a permit from the local chief before burning. But the practice soon fell into disuse because there was no ordinance to cover it, and thus the chiefs' orders had no teeth in them.

A law regulating fires makes good sense, and might help cut rural insurance rates.

NOW HE TELLS US!

An inquiring footnote to our discussion last week about interim zoning which might have protected Centerville industrial property:

We read that Planning Commissioner Mellmann, the same gentleman who wrote us the commission had no alternative but to let the subdivider have the Centerville tract, himself hinted at another "out" in a recent commission meeting. Mr. Mellmann recalled that the commission used its advisory powers several months back to prevent the County Building Inspector from issuing building permits for a subdivision next to the Hayward Airport. This wasn't zoning—merely a request for another county agency to delay a subdivider from building while zoning of another character was under consideration.

We wonder why this could not have been done at Centerville, and why the possibility slipped Mr. Mellman's mind until it was too late?

PRIDE IN OUR MINUTE-MEN

Tonight's armory dedication in Centerville marks an important step for our Township. Formal recognition of a National Guard unit here carries something for all of us.

First, a National Guard battery provides a trained organization with an ultimate strength of more than 100, which can be of immeasurable help in case of flood, fire, earthquake; or in preserving order if an enemy strikes the Bay cities.

Second, it provides Washington Township with a ready-made opponent for youthful boredom and mischief, giving older 'teen-agers a direction for their energies, teaching them teamwork, discipline and responsibility—characteristics they need to learn before facing life.

Finally, it provides a draft-exempt labor pool for local employers, brings $20,000 to $30,000 a year in federal cash payments into local trade channels, and let us all share the unit's sense of pride and achievement.

Townshippers should turn out tonight to let C Battery know they appreciate these facts.

IRVINGTON NEWS NOTES

By PATSY PEREIRA

DEEPEST SYMPATHY to Mrs. Earlene Maloney, Willene and Dennis on the death of their husband and father Bill Maloney.

RECENT VISITOR was Mrs. Marie Silveira, former Irvingtonian, now of Oakland.

ED ESPINOZA spent a few days at his home here, then returned to Firebaush, where he is employed.

MR. AND MRS. ROBERT ESPINOZA and niece Lucille Garcia have returned from a week's trip to Tijuana, Mexico,

APOLOGIES for the item I put in last week about Frank Mendoza. He didn't have the chickenpox. He just wasn't feeling well.

LES ECHO of San Leandro was a business visitor here on Friday.

THE Russel P. Daniels of Tulsa, Oklahoma, send regards to their friends here. They are former residents.

MRS. KENNETH PERRY is back on the job at Roethlin's cafe after having a tooth extracted.

HAPPY BIRTHDAY to Eddie Silvia, Mrs. Joaquin Rogers, and little Johnny Daly.

MR. AND MRS. AL KEIP of San Jose visited Mrs. Lillian Wielheimer, Bill Hirsch, and Al's mother, Mrs. Carol Keip, on Sunday.

SORRY to hear Miss Mary Costa is ill again.

MR. AND MRS. AL PEXOTO, sons Delbert and Merle and Mr. and Mrs. Marion Peixoto of San Francisco motored to Martin's Beach Sunday.

By IRENE CALLAHAN

THE LADIES AUXILIARY of the Irvington Fire Department held their regular meeting March 10, having as their guests former members. Charter members present were Mrs. Marie Silveria and Mrs. Leslie Callahan. Former members were Mrs. Walter George and Mrs. Frank Mayer. Mrs. Edward Freitas was welcomed into the organization. Mrs. Wayne Day reported 1,350 pounds of clothing have been shipped to Korea. An appeal was made for more clothing. Mrs. Day also suggested anyone in the Township wishing to help may make donations for postage. There are 71 Korean orphans sponsored through this drive. Packages may be mailed direct to Pfc. Manuel J. Silva, 555 M.P. Co., A.P.O. 971, Care P.M., San Francisco. Refreshments were served and the committee consisted of Mrs. William Rose, Mrs. Edward Rose, Mrs. Day, Mrs. Ann Faria.

"BLACKOUTS OF 1954" will be presented by Irvington P.T.A. March 19 and 20. Adults 50c, children, 25s.

VFW Post 7445 Joseph and Stanley Bernardo and Auxiliary, will hold their St. Patrick's dance March 20 in the Newark Pavilion. Murray Peterson and Orchestra will play. He has played at the Rose Room Dance Hall, Larkspur for seven years. Admission, for Hospital and Rehabilitation Fund, is $1.00.

IRVINGTON Boy Scout Troop One and Two went to Los Mochos over the weekend. Fifteen boys attended the outing. Leaders for Troop One were Fred Kuhne, Earl Field. Troop One demonstrated knot-tying. Leaders for Troop Two were Chuck Brewer, Joe Burnsed, and Bill Pennington. Troop Two demonstrated the compass. This was to include training on first-and-second class requirements.

BETTY PACHECO, daughter of Mr. and Mrs. Tony Pacheco, last Friday was invited to join Nu Sigma Psi Sorority at the University of California, where Betty is majoring in Physical Education. Following the initiation, guests were invited to dinner at the home of Dr. Hodgson. Saturday, Betty will be hostess at the Physical Education Majors Alumni convention at the University.

KAY WALDON, 18, daughter of Mrs. Marshall King of Coit Avenue, was married on March 12, to Bart Ingles at the Livermore Methodist Church. The immediate family attended the wedding. Bart, in the Army, will leave for his station in Washington in two weeks.

Congratulations to Mr. and Mrs. Vernal Magee. They were parents to a baby girl born March 9 at the Hayward Hospital.

Chamber of Commerce will have an interesting meeting on April 12, to discuss the lighting and signals problem. Everyone should attend this important meeting. Warren Wilson is chairman.

WHAT A NICE DAY Sunday was on the beach at Sea Cliff. Mr. and Mrs. Manuel Costa and sons, Charles Schneider, Carol Veith, Leo Dennie and myself enjoyed a sunny afternoon.

MR. AND MRS. Manuel Phillips have started to build their new home on Bryant Street.

MR. AND MRS. Ken McBride and Micky, and Mr. and Mrs. Al Harvey and Lynda spent the weekend at Martins Beach.

MARY RODRIGUES was hostess to a morning party on March 10. Guests were: Laura Brown, Mary Cunha, Anna May Campagna, Minnie Medeiros, Mrs. James Swenson, Aldina Garcia, Josephine Chambers, Nora Pereira, Mary Rogers, Mary Brown and Ella Andrade. Mary served cheese, crackers, coffee cake, donuts and coffee. Prizes were won by Mary Rogers and Mary Cunha.

SUNDAY GUESTS for Mrs. Rose Recend were her niece Freddie Howard of Sacramento, and Dick Ekelston.

IT WAS A CINCH FOR ALADDIN

ALADDIN had only to rub his magic lamp to cause the Genii thereof to appear to him and at his command solve any problem.

To-day we have no need of a magic lamp, for if you will but lift your telephone receiver and utter the few necessary magic words, a representative of this agency will appear to you and assist you in solving your insurance problems.

Zoning Hearings

Dates for public hearings on protective zoning of Mission San Jose and rezoning Irvington were set for April 5 last week by the County Planning Commission.

The hearings will be held in Oakland, in the commission's courthouse chambers, at 7:30 p.m.

A date for Niles zoning, long requested by the local chamber of commerce and other groups, has not been set and will not be, according to Planning Director John Jay Thomas, until a court battle over previous residential zoning of Adobe Acres has been settled.

This action, taken last year, and now under attack by attorneys for a cement company, is expected to receive a decision this month from Superior Judge Chris Fox.

TOWNSHIP TOPICS

By Harriet Gittings

This Weeks Question: Do you think Washington Township needs a curfew law? If so, how would you enforce it?

Yes, it should be about ten o'clock. **Joe Costa, 2010 Dairy Ave., Newark.**

I really think we need such a law. The teen-agers could provide their own regulations and self-government, and punish themselves. **Domingos Silva, 177 Elm St., Centerville.**

If the rest of the communities have it, we should have it too. If the majority of families enforce it, all will. **Mrs. Avis Bledsoe, 809 2nd., Niles.**

Yes, I do. Enforcing should work through parents mostly. **O. Skaredoff, 726 Magnolia, Newark.**

No, I don't think it is a good idea to have 16-year-olds have to be in by nine, since movies aren't out by then. **Mrs. Virgil Young, 375 Walnut St., Centerville.**

Yes, I suppose they do need such a law. The sheriffs would have to enforce it. **Harry Luis, P. O. Box 789, Centerville.**

I think it'd be a good thing. Enforcing it would be a big problem, however. **Mrs. Jeff Robbins, 726 Mulberry St., Newark.**

Yes, I do. It would need everybody backing it to make it work. **Mrs. June Dunstan, 316 Anza St., Mission San Jose.**

Yes, I don't think it would do any harm. The teen-agers can get into a lot of mischief. **Mrs. Margaret Hildebrand, 326 Walnut St., Centerville.**

They will need one soon. The biggest part of the enforcement would be in educating the parents. **George A. Walker, 147 2nd., Irvington.**

Washington Township does need a curfew law. I have four children, and I think that the civic organizations should get together and figure out a way to enforce it. **Frank Pimentel, R.F.D. 319, Niles.**

I think that the child should be curtailed. Parents don't seem to have control, so maybe a law would help. **Mrs. Bernadine Hutchens, 301 Glendale, Centerville.**

LOUIS JOSEPH, 75, CENTERVILLE, DIES

Louis Joseph, 75, of 223 Fremont Avenue, Centerville, a retired barber and life-long resident, died at his home Thursday.

He was the son of Frank Joseph, who came to this area 100 years ago from Portugal.

Joseph was the husband of Mrs. Mary Joseph; and the father of Mrs. Edna Azevedo, and Louis Joseph Jr., of Centerville.

He was the brother of Mrs. Annie Mendonca of Hayward, Joseph Joseph of Oakland, and Frank Joseph of Alviso District.

Services were conducted from the Chapel of the Palms Monday.

EGYPT IN PERIL, SPEAKER SAYS

If Egypt's present troubles lead to chaos, it will open the door for Communism to take over the Middle East and deny us Arabia's rich oil supplies.

This is the opinion of Dr. Jack Nichols, of Kimber Farms, and recent director of U. S. technical aid to Egypt, as expressed to the Rotary Club here last week.

Dr. Nichols is a former president of Idaho State College and Arizona State, served as U. S. Commissioner of Indian Affairs, and served for several months on the technical mission to Egypt.

He declared Egypt's most pressing problem is its "population of 21 million pressing on an inadequate native food supply." These situations may conspire to bring Premier Naguib down, he warned.

Naguib is beloved of his people, Dr. Nichols assured his audience in the International Kitchen. He is tolerant, "even of the Jews," whom most Egyptians hate.

"But the present government may not last unless it can do something about the food supply," he stated. Life expectancy there is 26 years; 40 per cent of babies die at birth, and half the balance in five years.

Dr. Nichols explained he and his aides were sent over by the U. S. government to teach the "fellah," or Egyptian peasant, more efficient ways of farming his tiny acreage. To this end, they programmed such items as importing 35,000 baby chicks from the U. S. to improve the eating and egg-laying qualities of local poultry. They also repaired helicopters to spray locusts and other pests.

What lasting effect these efforts had on the Egyptian way of life, Dr. Nichols did not say. However he hinted that the new foreign aid program, under Harold Stassen, "probably will be limited to anti-Communist activities rather than just to welfare."

He was introduced by Dr. W. F. Lamoreux.

Goods valued at $54,267,079 were imported through the San Francisco Customs District in 1952 from Brazil.

Irvington Zoning

The County Planning Commission this week was asked to notify the Irvington Chamber of Commerce whenever it contemplates zoning action for the town.

Allan Hirsch introduced the resolution. An attempt by Jack Prouty to censure the commission for allegedly delaying Walter Connolly's proposed remodeling of his store, was withdrawn after heated argument.

Jack Parry protested that it was improper to "use the Chamber to solve individual members' problems." It was pointed out that rezoning now contemplated for Irvington may aid Connolly, whose building permit has been held up because his store is in a "residential" district.

DECOTO SCHOOLS WIN STATE AID

State aid to build approximately 20 more rooms to relieve Decoto's teeming school system was okehed this week by the California Department of Education.

Approval of the Finance Department, final step in the process, is expected April 1, according to Supt. of Schools Harold Schoenfeld.

Involved is a total of $524,419, most of which will be added to $108,000 in district bond funds to build:

1. Hillview Crest School: three kindergartens, four classrooms, plus administrative area.

2. Barnard School: four classrooms (for a total of 17), special education room, homemaking room, shop, music room, physical education office, multi-use room, kitchen, library, plus site development.

Dr. Schoenfeld said site for the new Treeview School has been approved by the State but that no funds have been allocated to buy it yet.

A 500-home subdivision at Treeview, across the highway from Hillview Crest, is expected to get under way this spring. Children there will go both to the Decoto school system and the Valle Vista system, Dr. Schoenfeld said, since the tract lies in both districts. An agreement has been reached with Valle Vista officials to take the youngsters who live in their district, he added.

Rotary Directors

New directors of the Rotary Club, elected last week, will be Harlee Bradley, Leslie Salt executive; Bill Helm, former Niles theaterman; J. A. Ratekin, manager of the Holly Sugar plant; John Brahmst, Niles Electric Co. owner; and D. A. Gildersleeve, manager here for the Rhodes-Jamieson Co. The directors will name one of their number to the club presidency
